EDUCATION

PXL University College of Applied Sciences

February 2022 - June 2024

DIPLOMA - Graduaat in de Digitale Vormgeving

For my final project, I developed an application using Hamofa Brand Builders' mailing API. The application was built with PHP Laravel framework (API GET), JavaScript (POST, PUT, DELETE), HTML and SCSS.

September 2020 - January 2022

Bachelor of Applied Computer Science

As a school project, we created a web browser game of Stratego using HTML, CSS, JavaScript, Bootstrap and C#.

WORK EXPERIENCE

Hamofa Brand Builders - Intern/Student

Marketing agency

November 2023 - August 2024

- Built websites for clients using HTML, SCSS and JS
- Social Media Management for clients;
 - Edited/posted TikTok videos (**>3,600 views**)
 - Posts and photos designed
- Final project (see 'Education') built and used internally
